

Antimicrobial Copper

www.antimicrobialcopper.com

This mark is used by leading manufacturers of hospital equipment, furniture and fittings to indicate that their products contain Antimicrobial Copper, the world's most effective antimicrobial touch surface material.

Permission is granted to:

Aludecor Lamination Pvt. Ltd.

1, R. N. Mukherjee Road, Martin Burn Building, 5th Floor, Suite No. 52, Kolkatta - 700001

to use the Antimicrobial Copper brand and marks.

As the global industry representative, the International Copper Association (ICA) working with New York based Copper Development Association Inc., has established the Brand containing both Service and Certification Marks. The Antimicrobial Copper Marks ensure that the International Copper Association, and its global network of Copper Centres, address our stewardship with regard to the deployment of copper and copper alloys in the field.

Continued permission to use the brand, logo or mark will require ongoing adherence to strict usage rules, as well as the ability of the user to document that all relevant products are in fact made from recognised Antimicrobial Copper alloys. This document should be considered in conjunction with the conditions of use.

A handwritten signature in dark ink, appearing to read 'Sanjeev Ranjan'.

Sanjeev Ranjan
MD
International Copper
Association India

The logo consists of the letters 'Cu' in a white serif font inside a dark brown square.
